

Twin Tec

Dual Plug Tech Note using PN 2100 coils

CAUTION: CAREFULLY READ INSTRUCTIONS BEFORE PROCEEDING. NOT LEGAL FOR SALE OR USE IN CALIFORNIA OR ON ANY POLLUTION CONTROLLED VEHICLES.

OVERVIEW

Twin Tec Model 1005, 1005S, 1006, and 1007 ignition systems can be used with dual spark plug head applications. Use our PN 2100 dual output coils to accomplish this (two required).

For maximum ignition energy with a dual plug head, use the hookup shown in Figures 1 or 2 depending on your ignition module.

Use a .032" spark plug gap with the coil.
